## Rate Plan and Hardware Financing Information

### Rate Plan Information

- The Rate Plans include Unlimited Data. The \$63.75 Rate Plan is the most popular option. It includes Unlimited Canada Wide Calling, Texting and Data. Once you reach 20GB of Data within the month the speed will automatically reduce to 512kbs. If you use your device as a personal hotspot it will stop working once the speed is reduced to 512kbs.
- The rate plans include the USA and International Easy Roam feature which allows subscribers to use their phone in the USA for a flat rate of \$8 per day or internationally for \$12 per day. The maximum monthly charge for USA usage is \$120 and \$180 for International usage.
- These new plans do not include hardware subsidies. The pricing is the same if you purchase a new phone from Sky Wireless or if you bring your own unlocked hardware.
- If you are an existing TELUS customer you can move to the new plan at anytime by dialing 611 from your TELUS phone and request customer service to change your Plan to the new unlimited data plan. If you still have a contract the Device Balance remaining will be charged to your TELUS account. If you do not have a contract there is no charge to move to the new plan.

### Hardware Financing Information

- Hardware is not included with the plan. The hardware price is amortized over 24 months at 0% interest and added to TELUS invoice. For Example, if you went with the \$63.75 Plan and the iPhone XR 64GB, \$14.00 would be added to the TELUS Monthly invoice for 24 months. After 24 months the hardware is paid off and the monthly cost would only be the \$63.75 rate plan charge. There are options to pay for the entire hardware upfront or partially upfront if you do not want to take advantage of the 24 month 0% financing option or if you want to have a lower hardware repayment monthly charge. You can also opt in to the Bring It Back Program which reduces the monthly hardware repayment by up to \$20 per month however you are agreeing to bring the device back after 24 months. If you do not bring the device back after 24 months the discount you received at the original point of purchase will be charged to your TELUS account. The rate of the Bring It Back program vary depending on the device model.
- Provincial Sales Tax. (13% hst) is charged at the point of sale and not charged on the TELUS monthly invoice. For example, if you select the iPhone XR 64GB the taxable amount of the hardware is \$336. Provincial Sales tax is charged at time of purchase which is \$43.68. This is charged at the time of purchase to comply with Canadian Tax laws. There is no Tax applied to the TELUS Monthly invoice for the Hardware repayment. For example, if you selected the \$63.75 Plan and the iPhone XR 64GB with the 0% Financing the TELUS Monthly Price would be \$63.75 plus 13% Sales tax equals \$72.04 plus \$14.00 for the hardware repayment for a total of \$86.04. After 24 Months once the hardware is paid off the monthly plan is reduced to \$63.75.
- The benefit of the Employee Discount is 10% of the consumer version of the rate plans and an additional \$200-\$500 off the price of the hardware. These discounts are already included in the pricing on the order form.
